

vCISO Services

Executive-Level Cybersecurity Support to elevate your organization's cybersecurity posture and support strategic initiatives.

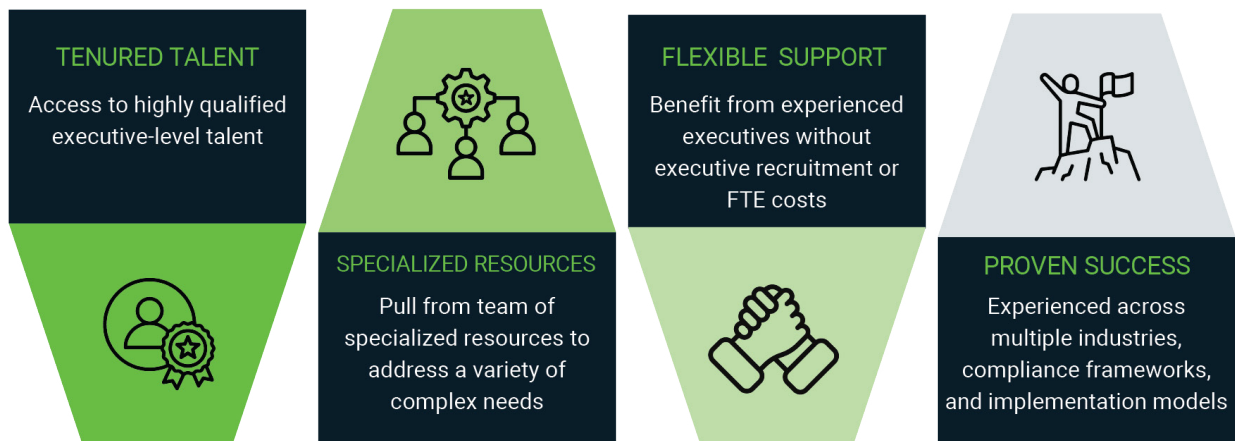

Fractional CISO Services

Unlock strategic cybersecurity leadership without the high cost of dedicated staff. Receive ongoing support from an experienced cybersecurity executive to help guide strategic security initiatives from a fractional capacity.

CISO Coaching Services

Cybersecurity excellence is a team effort. If you are a CISO or have CISO responsibilities, our trusted cybersecurity executives can help fill gaps in your team's specialized expertise across a variety of security and compliance disciplines.

Why Engage with vCISO Support:

Flexible Executive Support Including:

Strategic Direction	Lead a 12-18 month security strategy.
Dashboard Summaries	Deliver regular, concise summaries weekly, biweekly, or monthly.
Tool Management	Oversee tool rationalization and deployment.
Policy Development	Create policies, procedures, and guidelines for compliance.
Risk Management	Maintain risk register and communicate to executives.
Executive Engagement	Present to CEO, internal committees, audit boards, and directors as needed.
Security Awareness	Promote security awareness programs.
Vendor Management	Review vendors and assist with security questionnaire responses.
Budget Planning	Set and manage security budgets.
Compliance Focus	Drive compliance goals.
